Technology Modules – Skill Stream

The following four modules will be conducted under the Technology Module by the CMA Computer Center.

- Operational Level -OL2.6: Information Technology Application [ITA]
- Managerial Level -ML3.6: Data Analytics [DA]
- Strategic Level - SL4.6: Digital Tools for Accountants [DTA]
- Strategic Level -SL4.7: Advanced Data Analytics [ADA]

Workshops on technology modules are conducted online (through Zoom) and physically by the CMA Computer Centre.

Study Material

Study texts for all modules are available from the Institute. In addition, practical and revision questions will be provided during the respective workshops to support student learning.

Application

Applications for workshops must be submitted via the MYCMA Learning Portal.

Course Regulations

- Participants are required to maintain a minimum of 80% attendance for classes.
- If a student is absent for the scheduled examination, they may complete it at the next immediate sitting upon payment of the prescribed fee.
- Students who fail the examination must reapply and reattempt the respective workshop by paying the applicable fee.

Assessment

- Examinations will be conducted in the fourth week of every month.
- Assessments will be held physically at the CMA Computer Centre for local students and remotely for overseas students.
- The examination must be attempted within two months of the date of completion of the workshop.
- Failure to do so will require the students to re-register and follow the workshop again, with payment of the relevant and subsequently reapply for the examination.
